

DISCOVER NEW FRONTIERS

If you haven't already planned your expedition to Dallas and EC10, don't wait another minute.

Here are some of the benefits you'll discover by attending **Environmental Connection 2010:**

- » World-class education with new full-day and half-day courses featuring fresh, relevant topics.
- » More than 150 exhibitors at EC10's Expo Hall showcasing the latest technology and cutting-edge products.
- » Exclusive networking opportunities with other industry professionals from around the world and your own backyard.

Learn from an industry pioneer!

How to Write and Implement a SWPPP with Jennifer Hildebrand, CPESC, CPSWQ

- This full-day course will:
- » Discuss federal rules and the ramifications and results of poor designs.
 - » Provide you with tools and examples of what makes a good SWPPP even better.
 - » Cover the challenges of implementing a SWPPP that is not complete, while discussing the legal ramifications for making that decision in the field.
